

Mercedes AMG 55 Performance Air Intake System

For Mercedes AMG models fitted with the supercharged 55 engine

The increased volume and optimized shape of our performance airbox greatly enhances both the horsepower and torque of Mercedes Benz's legendary AMG 55 Kompressor engine. Autoclave cured carbon fiber keep inlet temperatures cool while an internal airflow regulator ensures smooth power delivery and sharper throttle response.

FEATURES:

- Substantial increase in airbox volume compared to factory components
- Autoclaved pre-preg carbon fiber construction, clear coated with automotive urethane and hand polished to a mirror finish
- OEM perfect fit
- Installs in less than 30 minutes
- Unlimited mileage guarantee

PERFORMANCE:

- Power increase: 16-18hp
- Torque increase: 17-21lb/ft

APPLICATIONS:

- All 2003+ models with the following designation: E55, S55, CLS55, CL55, SL55
- Direct fit on cars with 78mm and 80mm throttle bodies (TB's). Can be modified to fit cars with 82mm TB's

RETAIL PRICE:

\$1,250.00
